

Make us patient, make us kind  
Keep us humble, grant us peace of mind  
Keep us honest, close to truth  
Let us be quick to kindness

Oh your love unlike any other  
It never fails to protect and pursue  
Your mercy brings us together  
And it sounds like heaven  
Oh, it sounds like heaven  
Oh it sounds like heaven  
Oh, it sounds like heaven

Make us gentle, make us wise  
Give us reason, discern and not despise  
Keep us merciful, bearing fruit  
Sowing righteousness in peace

Your love unlike any other  
It never fails to protect and pursue  
Your mercy brings us together  
And it sounds like heaven  
O it sounds like heaven

Your love unlike any other  
It never fails to protect and pursue  
Your mercy brings us together  
And it sounds like heaven  
Oh, it sounds like heaven  
Oh, it sounds like heaven  
Oh, it sounds like heaven

When your people sing  
Lift You up, Lift each other  
Oh it sounds like heaven  
When your people sing  
Lift You up, Lift each other  
Oh it sounds like heaven

Oh your love unlike any other  
It never fails to protect and pursue  
Your mercy brings us together  
And it sounds like heaven  
Oh it sounds like heaven

Oh it sounds like heaven  
Oh it sounds like heaven

When your people sing  
Lift You up, Lift each other  
Oh it sounds like heaven  
When your people sing  
Lift You up, Lift each other  
Oh it sounds like heaven
